# **FROZEN RANGE**

## **PRODUCT BROCHURE**

# OUR FROZEN RANGE

We offer a comprehensive range of restaurant-quality frozen fish and seafood, and are direct importers of all major species, such as squid and prawns, from all over the world. This gives you the opportunity to try something new and exotic on your menu that we cannot stock as a fresh product, and retain constant supply of your favourite seasonal fish.

For more information and prices, please contact your Account Manager.
